Brooklands College, Ashford Campus – looking to the future

Redevelopment plans for Brooklands College Ashford Campus are coming together with work beginning on the outside of the building this summer. Staff, students and those living in the local area can look forward to a great facility benefiting everyone in the Ashford community.

The planned work includes:

- site development with the Skills Funding Agency, taking into account the needs of modern learners and the local community
- improvements to the front of the building
- working in conjunction with Spelthorne Council on the regeneration plans for Church Road
- full-time courses continuing to grow with a focus on hair and beauty, business and IT, childcare, health care, construction and apprenticeships
- professional and leisure courses being made available to suit the needs of adult and part-time learners
