

Money advice

Payment of LHA Local Housing Allowance

will be made directly to you by BACS- Bank Automated Credit Service - which means it will be paid into your bank account.

You will need to provide your Local Authority with your bank details in order for them to make payments to you. Payments will be made once every two weeks.

For any one who does not have a bank account, your Council has produced an easy guide that shows the basic bank accounts available and the documents you will be required to produce to prove your identity.

You can talk to advisers at any bank about how you apply for an account and which one you might need. Or you could ask the Citizens Advice Bureau for help.
