<p><b>Set up a partnership with Npower</b></p>	<p>The council researched the possibility of a partnership with HeatSeekers, who operate a scheme to identify homes which would benefit from insulation. Many changes in the contract were required to achieve best performance for our residents but HeatSeekers were unwilling to make those changes. Runnymede &amp; Waverley BC might be rolling out this scheme and if so, Spelthorne will monitor its progress for 12 months (Summer 2010) before deciding whether or not to join.</p>	<p>April 2008</p>	<p>People lifted out of fuel poverty</p>		<p><b>FN</b></p>
