Walking for Health

The Spelthorne Walking for Health Scheme aims to improve health and fitness of local people, in particular those who are not physically active and want to become more active. Some of our walks are designed for total beginners and are between one and three miles long and take place three week. All walks are led by Volunteer Walk Leaders. There is a front leader and back leader so that you can walk at your best pace between the leaders. Most of all, our walks are free, fun and friendly!

Why walk?

Walking is a great way to meet new people and explore the area you live in and it's **free!** A variety of benefits can also be gained from walking including:

- Help reduce stress and help you sleep better
- Make you feel good and give you more energy
- Help to manage your weight
- Reduce blood pressure
- Keeps your joints, muscle and bones strong

The Spelthorne Walking for Health scheme is part of **Walking for Health** a national initiative led by the Ramblers, with support from Macmillan Cancer Support.

Walk grades

Grade 1 walks – suitable for those who prefer a shorter walk, are looking to be more active, or are returning from injury or illness. Routes are on flat ground or gentle slopes with mainly firm surfaces and no steps or stiles. The average walk pace is 2mph.

Grade 2 walks – suitable for people who are looking to increase their activity levels. Routes may include some moderate slopes, steps, uneven surfaces and possibly stiles. The average walk pace is 2-3mph.

Grade 3 walks – for people looking for more challenging walks and increasing their level of physical activity. Routes are may include steeper slopes, steps, uneven surfaces and stiles. The average walk pace is 3mph and duration of the walk is over 60minutes.

Progression walks – for people who have undertaken Walking for Health grade 3 walks and are now looking to take their next steps. Routes are likely to include slopes, steps, stiles and uneven surfaces. The average walk pace is 3mph and length of walk of over 3miles.

Important Information

Please note that the walk starts promptly at the time advertised so please arrive in plenty of time (10-15mins early) to allow time to register. If you are a new walker, please ensure that you arrive at least 15 minutes before the scheduled start time.

To ensure walkers get the most out of health walks, you are encouraged to walk briskly. You'll know when you're walking briskly when you:

- Breathe a little faster
- Feel a little warmer
- Feel your heart beating a little faster

You should still be comfortable and be able to talk without feeling puffed.

Please refer to the walk grades on page 3 to ensure that you select suitable walks for your ability.
