OPERATING SCHEDULE

When do you want the premises licence to start? / /

If you wish the licence to be valid only for a limited period, when do you want it to end / /
dd mm yyyy

Provide a general description of the premises

For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies you must include a description of where the place will be and its proximity to the premises.

The Rose Bar is a new concept for the currently vacant lot at 21b Clarence Street.

The proposed premises will offer a relaxed lounge wine bar experience, serving a selection of drinks, including cocktails, wine, and beer. There will also be a food menu, primarily consisting of small plates and snacks.

Continued from previous page...

The premises is located on the ground floor of the property, with a small balcony to the rear.

The applicant is aware of the difficult history of the premises and the review that led to the revocation of a previous Premises Licence.

The lessons learned from that experience guide this new application, and the applicant offers significantly more conditions than usual on a Premises Licence of this size, to demonstrate that the new chapter for these premises will be a more positive and professional approach.

The hours applied for are also more sensitive to the area and aim to support the different approach the applicant is taking.

A suitably experienced manager will be employed if the Premises Licence is granted, and they will be appointed as the DPS. Currently, no DPS is nominated, and the applicant understands that no alcohol can be sold until such time as a variation to nominate an individual as the DPS has been completed.

If 5,000 or more people are expected to attend the premises at any one time, state the number expected to attend

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
