

THE FUTURE OF **STANWELL** **HOTEL**, TOWN LANE, TW19 7PW

Proposed site plan

Splendid Hospitality Group is preparing plans to renovate and extend the Stanwell Hotel (known as The Stanwell by Mercure, 171 Town Lane, Stanwell, TW19 7PW).

The proposals will upgrade the hotel, through a £10 million investment by Splendid Hospitality Group, to meet modern standards. Splendid work with major brands such as Accor, Hilton, IHG and Marriott as well as running successful independent properties. Our planned investment will prepare the way for alignment with an internationally recognised franchise brand dedicated to business and leisure guests.

These plans will increase the number of rooms at the hotel to 96 by expanding the roof of the original building **1** and adding a single storey extension **2**. This will help secure the hotel's future as a key part of the village economy and a local employer.

About Splendid Hospitality Group

We build and operate hotels, restaurants and care homes across the country from London to Edinburgh, Bristol to York, including the award winning 5-star Hilton Bankside, and the luxurious Grand in York.

We recently designed and built our first Marriott hotel, the UK's inaugural Four Points Flex by Sheraton, in Euston, London. We also own and operate 9 IHG hotels including the Holiday Inn Brentford Lock in West London, and 2 boutique Hotel Indigos in Edinburgh and York, as well as 4 Accor properties. In total, we operate 23 hotels and employ over 2,500 people.

BACKGROUND

The Stanwell is a 53-bed hotel on Town Lane, at the junction of Trinity Close.

The hotel is currently operated by Splendid Hospitality Group under the Mercure brand and regularly welcomes guests visiting the local area or travelling via Heathrow Airport.

Should planning permission be granted, the proposals would create the opportunity for the hotel to be upgraded and potentially operate under the franchise of another well-known hotel brand, serving both business and leisure guests.

KEY BENEFITS

A strong local business creating jobs for the local economy

A well-connected location, close to local transport and connections to Heathrow Airport

Modernising the hotel and returning it to business and leisure operations

Improved sustainable travel facilities, including covered cycle storage, a dedicated taxi and mini-bus drop-off area, and eight electric vehicle charging points.
